

Overview:

Morecrafts provides a wide variety of fine pitch board-to-board connectors for small and thin electronic consumer products. They are ideal for space savings to meet the miniaturization trend in the market. Having smaller body, narrow width and high contact force reliability, our product series delivers a design-flexible and effective solution as customers continue to demand smaller devices.

Features:

- High contact force ensures mating reliability.
- Vertical and horizontal orientations in surface mount type.
- Choices of 3u", 5u", 10u" gold plating improves contact resistance.
- A range of selections in stack heights from 1.5 to 8.5mm .
- Contact counts range from 4 up to 200 positions.
- Available in single and dual rows, with sufficient area for pick and place.
- Location pegs provided for accurate mounting on circuit board.
- All components come packaged in tape and reel.
- Lead free, Halogen free

Applications:

- Smart Phone • Tablet PC • Wearable Device • Portable Music Player • Server
- Test and Measurement Equipment • Radar Sensor • Telecom Equipment

Product Profile

- Series:
B0846G04-MXX
- Pitch: 0.8 mm
 - Stack Height: 5.0 mm
 - No. of Contacts: 40 - 200
 - Mounting Type: Vertical

[VIEW DETAILS >](#)

- Series:
B0835G07-MXX / B0532G04-MXX
- Pitch: 0.8, 0.5mm
 - Stack Height: 5.2, 5.0 mm
 - No. of Contacts: 4 - 80
 - Mounting Type: Horizontal

- Series:
B0513G04-MXX
- Pitch: 0.5 mm
 - Stack Height: 1.5, 2.0, 2.5 mm
 - No. of Contacts: 10 - 100
 - Mounting Type: Vertical

- Series:
B08XXAG07-MXX / B05XXAG07-MXX
- Pitch: 0.8, 0.5 mm
 - Stack Height: 3.0, 3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 6.5, 7.0, 7.5, 8.0, 8.5mm
 - No. of Contacts: 4 - 100
 - Mounting Type: Vertical
